

Kids We Love Childcare

Illness Policy

Parents agree to keep their child/children at home or seek alternate care arrangements for the following conditions:

- Pain - any complaints of unexplained or undiagnosed pain
- Fever (100°F/38.3°C or higher)
- Unexplained diarrhea or loose stool combined with nausea, and vomiting
- Severe itching of body and scalp
- Known or suspected transmissible diseases

The child will be kept at home until all symptoms have stopped.

It is required to keep (or take) a child home when the child:

- Is suffering from one or more of the above symptoms
- Is not well enough to take part in the activities at the daycare

Parents agree that a child will be symptom free, without the aid of symptom reducing medications such as tylenol, for a full 24 hours prior to returning to daycare.

Medications

Prescription medications will only be given to a child in care with the following conditions:

- Parent gives written permission to the caregiver, with full instructions as to dosage, and times to administer medication. (forms are available from the daycare for this purpose)
- All prescribed medications must have the child's name on the prescription bottle.
- Non-prescription medications will be administered as per recommended dosages on medicine bottle.

Care of a sick child and notification of parents

When a child becomes ill, we will make the child comfortable in a quiet place where he/she can rest and will be closely supervised.

Parents will be notified immediately and agree to begin to making alternate work arrangements or arrangements for alternate care. If the child is seriously ill, parents or an alternate must come for the child **immediately**.

I/we understand and agree to Kids we Love Childcare illness policy.
